## OUTPUT:

The screenshot displays a web browser window with a registration form. The form is titled "REGISTRATION FORM" and is set against a blue gradient background. It contains the following fields and controls:

- First name \***: A text input field with placeholder text "enter your first name".
- Last name**: A text input field with placeholder text "enter your last name".
- Email\***: A text input field with placeholder text "enter your email".
- Password \***: A text input field with placeholder text "enter your password".
- Confirm Password \***: A text input field with placeholder text "enter your password again".
- Gender**: Radio buttons for "Male" and "Female".
- Age**: A text input field with the value "18".
- \* required**: A label indicating required fields.
- Create**: A green button to submit the form.

The browser's address bar shows "localhost:5000/welcome". The taskbar at the bottom includes icons for "temp.py" and "index (1).html", along with system information like "27°C Cloudy" and the date "05-11-2022".
